Jun 16, 2008 It has been confirmed that the King of Pop has passed away due to a heart attack. It is too bad as eccentric as he was, he was still a great entertainer and will be missed.

It was a Thriller to have been around for his performances. He will live on as a legend.

I'm sitting here watching all the stories of his life now.

Love him or hate him he has to be one of the greatest entertainers ever.
