

Partner Resources Catalog: Microsoft Exchange Solutions on VMware

Introduction

This document provides a collection of resources of various solutions and collaterals provided by different VMware partners. In addition to the content provided in the GTM offerings bundle, these resources provide additional proof points around technology and business solutions powered by VMware.

OEM Partner Solutions

Partner	Collateral Type	Summary	Resource
EMC (storage)	FAQ	Technical FAQ: EMC Virtual Solution for Exchange 2007	http://www.vmware.com/files/pdf/exchange_faq.pdf
EMC (storage)	Migration	Transitioning Exchange 2003 to VMware Virtual Exchange 2007 Using EMC CLARiiON	http://www.vmware.com/files/pdf/exchange_transitioning_wp.pdf
Dell (server) & Equallogic (storage)	Storage Sizing & Performance	Whitepaper that compares physical vs. virtual Exchange 2007 performance on Dell servers and Equallogic storage.	http://www.vmware.com/files/pdf/exchange_equallogic_performance_wp.pdf
Dell (server) & EMC (storage)	Performance	Whitepaper that compares physical vs. virtual Exchange 2003 performance on Dell servers and EMC storage.	http://www.vmware.com/files/pdf/exchange_ms_virtualizing_wp.pdf
Dell (server)	Performance	Whitepaper that describes performance and scalability of Exchange 2007 on the V13 platform.	http://www.vmware.com/files/pdf/exchange_dell_virtualizing.pdf
Dell (server) & EMC (storage)	Solutions	Dell/EMC solution for Exchange 2007 (Dell PowerSolutions – May 2008)	http://www.dell.com/downloads/global/power/ps2q08-20080324-VMware.pdf
HP (server & storage)	Server/ Storage Sizing & Performance	Whitepaper that compares physical vs. virtual Exchange 2007 performance on HP servers and storage.	http://www.vmware.com/files/pdf/exchange_hp_performance_wp.pdf
HP (servers)	V2P Conversion Utility	Virtual 2 ProLiant plug-in for HP System Insight Manager called SMP (Server migration Pack).	http://h18004.www1.hp.com/products/servers/proliantessentials/valuepack/smp-universal/index.html?jumpid=reg_R1002_USEN
Teneros Inc.	HP/VMware/ Teneros Battle Card	Summarizing the features and benefits of the Teneros Solution utilizing VMware technology on HP servers.	TBD
Teneros Inc.	Teneros Datasheets	A detailed overview of the Teneros Solution for both high availability and disaster recovery.	TBD

Software Partner Solutions

Management and Monitoring Software

Partner	Collateral Type	Description	Resource
CA - Unicenter	Product Information	Advanced Systems Management for VMware	http://www.ca.com/us/products/product.aspx?ID=5653
CA - Unicenter	Product Information	Management for Microsoft Exchange	http://www.ca.com/us/products/product.aspx?id=214
CA - Unicenter	Product Information	Network and Systems Management (Windows OS monitoring)	http://www.ca.com/us/products/product.aspx?id=2869
BMC	Product Information	Performance Manager for Virtual Servers	http://www.bmc.com/products/productdocview/0,2832,19052_19429_34088_101_121422,00.html
BMC	Product Information	Performance Assurance for Virtual Servers	http://www.bmc.com/products/productdocview/0,2832,19052_19429_20611_260_112215,00.html
BMC	Product Information	Performance Manager for Microsoft Exchange Servers	http://www.bmc.com/products/productdocview/0,2832,19052_19429_23062_2122,00.html
BMC	Product Information	Performance Manager for Servers (includes Active Directory and Windows OS monitoring)	http://www.bmc.com/products/productdocview/0,2832,19052_19429_34473_892_126813,00.html
IBM - Tivoli	Product Information	Monitoring for Virtual Servers	http://www-306.ibm.com/software/tivoli/products/monitor-virtual-servers/
IBM - Tivoli	Product Information	Monitoring for Microsoft Applications	TBD
HP - Operations Manager	Product Information	Automate event and availability management processes.	https://h10078.www1.hp.com/cda/hpms/display/main/hpms_content.jsp?zn=bto&cp=1-11-15-28^1745_4000_100
