VSPHERELAB\vra7	VRA7-PROD-IAAS	<p>Exception occurred when retrieving work item from Manager Service: An error occurred while receiving the HTTP response to https://vra7-prod-iaas.vsphere-lab.co.uk/VMPS2Proxy. This could be due to the service endpoint binding not using the HTTP protocol. This could also be due to an HTTP request context being aborted by the server (possibly due to the service shutting down). See server logs for more details. Inner Exception: The underlying connection was closed: An unexpected error occurred on a receive.</p>
